Aware Announces Q1 2008 Earnings Conference Call

BEDFORD, Mass., April 23 /PRNewswire-FirstCall/ -- Aware, Inc. (Nasdaq: AWRE), a leading supplier of broadband technology and biometrics software, has scheduled a conference call to discuss the company's operating results for the first quarter of 2008 on Thursday, May 8, 2008, at 5:00 p.m. Eastern Time. CEO Michael Tzannes and CFO Rick Moberg will host the earnings conference call.

This call is being webcast by Thomson and can be accessed on the Investor Relations page of our website at www.aware.com/ir. The conference call may also be heard by calling 617-213-4852 at least 10 minutes prior to the call start time. Please reference the confirmation number 86740432. Participants may pre-register for the call at <https://www.theconferencingservice.com/prereg/key.process?key=PHP6EQ9Y7>. Pre-registering is not mandatory but is recommended as it will provide participants with a pin number to use for quick access into the live conference call.

The webcast is also being distributed through the Thomson StreetEvents Network. Individual investors can listen to the call at www.earnings.com, Thomson's individual investor portal, powered by StreetEvents. Institutional investors can access the call via Thomson StreetEvents (www.streetevents.com), a password-protected event management site.

About Aware

Aware is a leading technology supplier for the telecommunications industries. For more than ten years, Aware has pioneered innovations at telecommunications standards-setting organizations and continues to develop and market DSL silicon intellectual property and test and diagnostics products. Its StratiPHY™ IP product line supports DSL standards, including ADSL2+ and VDSL2, and has been broadly licensed to leading semiconductor companies. Telecom equipment vendors and phone companies use Aware's DSL test and diagnostics modules and Dr. DSL® software to help provision DSL circuits globally. Aware is also a veteran of the biometrics industry, providing biometric and imaging software components used in government systems worldwide since 1992. Aware's interoperable, standard-compliant, field-proven imaging products are used in a number of applications, from border management to criminal justice to medical imaging. Aware is a publicly held company (Nasdaq: AWRE) based in Bedford, Massachusetts. www.aware.com
